REGULAR AGENDA
JPS19-0016 Big Creek Farms First Addition Residential Parcel Split
Charlie Nichols presented the staff report.

This applicant is requesting a residential parcel split of 2.11 acres (proposed Lot 1). The property is zoned AG (Agricultural). The remainder of the parent parcels in the SE ¼ NE ¼ Sec. 04-82-6 and the SW ¼ NW ¼ Sec 03-82-6 are currently combined via a deed restriction; therefore, an updated deed restriction is required to be submitted with the bound documents. Proposed Lot 1 includes a dwelling constructed in 1900, accessory structures, septic, and well. A Land Use Map Amendment case (JA19-0004) is pending further review by the City of Bertram.

The Linn County Planning & Zoning Commission recommended approval of a Residential Parcel Split request for the subject property at its July 15, 2019 meeting. The applicant submitted a new plat map and site plan showing a proposed change to the size of Lot 1. For this reason, the updated case will be reconsidered by the Planning & Zoning Commission. Changes made to the original staff report are noted as follows: text with a strikethrough represents deleted text and underlined text represents new text.

This proposal meets the standards for approval per Article IV, Section 107-72, § (4) of the Linn County Unified Development Code (UDC). Residential Parcel Splits are not subject to MLS or LESA requirements.

Staff recommends approval subject to the conditions of the staff report.

Gatewood wondered if the subdivision name “Big Creek Farms First Addition” implied that Kelly had plans to create a “Big Creek Farms Second Addition”. Nichols explained that “First Addition” was a standard subdivision name and no further expansion had been proposed.

**Motion by Carson to recommend approval of case JPS19-0016, subject to the conditions of the staff report. Second by Maxwell.**

**JA19-0006 Unified Development Code Text Amendments Floodplain Overlay**

Charlie Nichols presented the staff report.
Recently, the Iowa Department of Natural Resources released an updated model floodplain development ordinance. In order to bring our current Floodplain Overlay District ordinance (UDC Sec. 107-144) into conformance with the updated regulation guidelines of the Iowa Department of Natural Resources, staff is proposing a repeal and replacement of our current Floodplain Overlay District ordinance. Additionally, staff is proposing changes to Section 107-180 of Article IX (Definitions) to support the proposed new Floodplain Overlay District ordinance.

There are four primary areas of change associated with the proposed ordinance amendment and supporting changes to the definitions section of the UDC: the definition of substantial damage; the definition of substantial improvement; the minimum required freeboard elevation; and the conditional use permitting process for uses in the floodway.

No questions from the Commission or public.

Motion by Grenis to recommend approval of case JA19-0006, subject to the conditions of the staff report. Second by Gatewood.
