Approval of Minutes
Soukup motioned, LeClere second, all present voting aye to approve minutes from June 17, 2020 meeting as submitted.

Budget
Tertinger said as of June 30, the end of FY20, there was $19,436 left in the operating account, all of which has since been swept back into the County’s general fund. The FY21 allocation of $9,545 has been
deposited into HPC’s operating account. Tertinger said he anticipates Leah Rogers’ invoice, in the amount of $15k, will be sent out sometime within the next couple of months. HPC and P&D will have to have a discussion before November to determine amount to request back for fall amendment.

FY21 Work Plan

a. Preserve Iowa Summit Recap
   The commission decided to table this discussion due to Westercamp’s absence.

b. Demolition Review Discussion
   McNall gave the commission an overview of the City of Cedar Rapids’ demolition review policy; any structure over 50 years old or any accessory structure built prior to 1942 is eligible for review. McNall said there is a time limit on review process. He also stated that demolition review can only postpone demolition, not stop it entirely. If the structure is deemed unsafe, the city has the authority to demo without HPC’s review, but will allow HPC to take photos of structure.

   Soukup wondered what the trigger for Linn County demo review would be. Pilcher said demolition permit application would be considered the trigger.

   The group discussed language that could potentially be added to Linn County ordinance, in reference to demolition review. Tertinger said Linn County’s demolition review policy could be the same, or very similar, to Cedar Rapids’.

   Pilcher said land marking is the only thing that can put a stop to demolition. McNall informed HPC that there are 8+ properties within the city limits of Cedar Rapids that have been land marked.

   Pilcher wondered what next steps were. LeClere mentioned 3D scanning of historic properties prior to demolition, instead of just taking photos.
