FY20 Work Plan
Robinson started the discussion on the wording of the Historic Preservation Grant. Need to know % of asked vs % of project. Pilcher stated that is needed so that small historical projects would have the same weight as bigger projects. Happel asked to move that information to the cover page. Robinson asked that explanations of partial funding be more elaborately spelled out. Pilcher took and suggested several options to clarify funding chart. Possibility to have a link for an excel spreadsheet on our website which Tertinger will check into. Robinson opened discussion if HPC should exclude CLG (Certified Local Government) city’s. Thomas said this program was started by Jean Oxley for the smaller towns to have access to grant money. Discussion was pointed out this would be excluding Cedar Rapids, Mt Vernon, & Marion. McNall and Ciha agreed that tax dollars are “public money” should be open to ALL of the public. Also, Cedar Rapids does have a grant program. More discussion suggesting limiting the amount of money allocated per request, disclosure on the typical amount of money given ($1000-$5000) per request, or state that a typical grant is less than $5000. Robinson’s last point of the evening was should anyone be ineligible if they are already receiving county funding.

Next Meeting
