

Building Division

**Post Frame (Pole) Building
Plan Checklist**

Please check the boxes below indicating the **required information** is on the construction documents submitted for application:

POST FRAME BUILDINGS

- 1/4" scale legible plans
- Footing sizes and locations
- Sizes for all framing members
- Wind bracing method shown on plans
- All framing connection details (truss to column attachments, stub columns, girt and purlin nailing schedules, uplift protection for columns)
- Engineered plans for buildings >1000 square feet in area, >12 foot tall sidewalls, or column spacing > 8 feet on center.
- [Energy Code Signoff](#) (If heated or cooled)

PLEASE NOTE:

Permit applications may be submitted at any time, but missing plan details and/or this checklist, may result in a delay of plan review and permit issuance. To schedule a virtual consultation, call 319-892-5130.
