- 13) The applicant shall take all reasonable precaution during the construction of said facility to protect and safeguard the lives and property of the traveling public and adjacent property owners and shall save the County harmless of any damage or losses that may be sustained by the traveling public or adjacent property owners of such construction operations.
- 14) Proper warning signs and/or devices shall be used to alert the traveling public when men and/or machines are working within the right-of-way. Such warning shall be in conformance with the current Manual on Uniform Traffic Control Devices for Streets and Highways.
- 15) The applicant shall hold the County harmless from any damage that may result to said highway because of the construction or maintenance of said facility and shall reimburse the County for any expenditure that the County may make on said highway on account of said applicant's installation.
- 16) The applicant agrees to give the County forty-eight (48) hours notice of its intention to start construction in County right-of-way.
- 1) All maintenance activities shall conform to County rules, ordinances & policy as applicable and shall be coordinated to the extent possible with County maintenance and construction plans.
